Alukov®

INTRODUCTION

Dear customers and business partners,

Our company Alukov is proud to present our latest and most advanced product range, CORSO™.

We are one of the world's leading manufacturers of external covers and you our customers are the inspiration for our innovative development. Our professional team of architects and engineers ensure your dreams come true.

With the highest care and attention to detail we create a bespoke enclosure that is unique to you which will compliment your existing structure and add a new dimension to living outside.

Thanks to our research and development we have been able to push past the technical and design barriers creating new benchmarks for others to admire.

With vast financial investment and several years of developing the telescopic enclosure, Alukov has proudly produced patented product that will enhance any lifestyle.

Our fully qualified and experienced sales and technical departments are always available to answer any questions you may have concerning your patio area. You as a customer can be assured

that we will find and create an individual solution to meet your needs.

Our pre-sale and aftercare service is of paramount importance to us as we believe in developing long term partnerships with our customers. We like to think we are more than consultants and advisors. We are here to show and help you make the right decision. The right decision for you.

I do hope by looking through our catalogue, you will be inspired to allow us to work with you, to produce your very own, unique telescopic patio enclosure.

For more than 20 years we have been satisfying customers with our products and services.

It is my hope that you will join us too.

Jan Zitko
Managing director, ALUKOV a.s.
President of IPC TEAM

PATIO ENCLOSURE CORSO™ HORECA

MAXIMIZE YOUR REVENUE

Do you have a pub, restaurant or coffee shop with an outdoor area that only gets used by customers during the summer or never gets used at all? Would you like to make use of that outdoor area with happy paying customers for up to 9 months of the year? Well you can with a CORSO.

CORSO enclosures will attract new customers as well as old into your establishment. CORSO enclosures take customers outside, secure and protected from the elements by their transparent structure. CORSO enclosures are easy to maintain. CORSO comes with a choice of 6 different colour profiles. CORSO enclosures offer a wonderful ROI.

Your customers will love the CORSO especially during warm days, as they will literally be able to take the roof off.

BENEFITS

- Extended use of outdoor space (up to 9 months of the year)
- Protects your customers from adverse weather conditions
- Fully lockable, safe and secure
- Attractive environment for clients
- Eliminates noise and dust pollution
- Easy slide and glide system
- Fast return on investment

TELESCOPIC PATIO ENCLOSURE **CORSO™**

TELESCOPIC PATIO ENCLOSURE

CORSO™

Ideal solution for patios and balconies

OPTIONS

Every **CORSO™** enclosure is tailor made to each client's needs.

CONSTRUCTION

Enclosures are made of aluminium profiles available in six colours (silver, white, beige, anthracite, bronze and wood effect). Glazing used in the structure is either safety glass or polycarbonate.

REDUCING HEATING COST

Polycarbonate and safety glass properties minimize heat loss within the structure. With easy slide and glide segments, the **CORSO™** is ideal for all weather conditions. The design of the **CORSO™** also forms a protective insulation barrier to any adjoining building.

EASY AND QUICK INSTALLATION

All our installation engineers are fully trained. We do not use third parties. Our installation engineers will endeavour to complete your installation within the shortest possible time, with the minimum amount of disruption and fuss.

DURABILITY

The structure is made from grade A quality non-corrosive aluminium as standard. The structure is powder coated forming a protective barrier around the profiles.

EASY TO MAINTAIN

Aluminium structure can be washed with water, doors, lock and locking systems needs to be oiled once or twice a year (WD40 or similar), if safety glass is used clean as you would your home windows.

SUN SHADE

Sun shade blinds available on request.

- **5 year warranty on the colour of the profiles**

COMPANY PROFILE

The ALUKOV HZ company was established in Orel (near Chrudim), Czech Republic, in 1995. Since then we have produced over 20,000 pieces of enclosures. The high production capacity (around 3,000 pieces per year) of its facilities makes the company one of the leading manufacturers of swimming pool, spa and patio enclosures.

The company is also the founder of a leading and internationally-respected association of qualified industry professionals (manufacturers and vendors): IPC Team (Inter Pool Cover Team, E.E.I.G.). In its field of business, ALUKOV HZ ranks among the key developers in terms of innovative swimming pool enclosures worldwide. Every year ALUKOV presents its clients with new enclosure models and new technical product solutions, marked by novel and attractive features.

All enclosure systems manufactured by ALUKOV HZ are exported globally to the EU and other European countries, as well as Asia and the USA. Our products are characterized by outstanding quality, reliability, timeless design and ease of handling. Our professional experience of many years enables us to offer a wide range of types and models of swimming pool and spa enclosure options. The customer can thus choose from an array of low, medium-height and high models. The maximum enclosure width can even reach 13m, depending on model type.

OUR PRODUCTION PROGRAM

ALUKOV offers three main programs: POOL - Program includes 19 models, SPA - Program offers 6 types altogether which can be used to not only cover a hot tub, but can also serve as an innovative garage for one's car! Our new HOME - Program includes CORSO models suitable patios, restaurant outdoor areas and much more... The complete range of enclosures can be accessed via our website www.alukov.co.uk

POOL PROGRAM

Pool Program range includes 4 categories:

- NEO line
- low line
- medium line
- high line

ALUKOV also offers the possibility of combination of all above.

SPA PROGRAM

Spa program offers range of enclosures especially designed for spas. Models featured in this range are Spa Dome Orlando, Spa Sunhouse and Oasis - each of which are available in small and large versions.

HOME PROGRAM

HOME Program is focused on patio enclosures within our Corso range.

CARHOUSE PROGRAM

This enclosure offers protection for your car against bad weather condition.

DETAIL AND PRECISION

CERTIFICATES

Our product quality has been certified by independent professionals in terms of quality management (ISO 9001) and environmental concern (ISO 14001), as well as by the French Scientific Institute in Paris (Laboratoire National d'Essais). Our swimming pool, spa and patio enclosures comply with quality and safety standards as per NF P90-309.

Patio Enclosure **CORSO™** was awarded Interiors & Design Prize at WARSAW BUILD 2014

Patio Enclosure **CORSO™ GLASS** was awarded Grand Prix Prize at FOR ARCH 2013
